

# Canadian Solar Panels Polycrystalline Panels

## Overview

---

Canadian Solar produces high efficiency monocrystalline and polycrystalline solar panels. Canadian Solar closely examines our supply chains to ensure goods imported are not mined, produced or manufactured, wholly or in part, with prohibited forms of labor, i., slave, convict, indentured, forced or indentured child labor. Copyright © Canadian Solar. Shawn Qu. As the only North American company consistently ranked in the global top five, Canadian offers a unique combination of innovation, quality, and affordability. Shawn Qu in 2001, Canadian has grown into a global leader with an impressive infrastructure that includes 20 state-of-the-art. Each cell is made up of multiple fragments of silicon melted into cubes which are then cut into wafers. Because of this, the cells are much stiffer, leaving little room for the electrons inside to move. The company's residential solar panel lines are HiKu6 and TOPHiKu6, giving homeowners options for performance and. Model Diversity Drives Application Flexibility: Canadian Solar's four distinct 395W models (CS3N, CS3U, CS6R, CS1Y) offer specialized features for different applications, from all-black residential aesthetics to commercial durability, allowing installers to optimize panel selection based on.

## Canadian Solar Panels Polycrystalline Panels

---

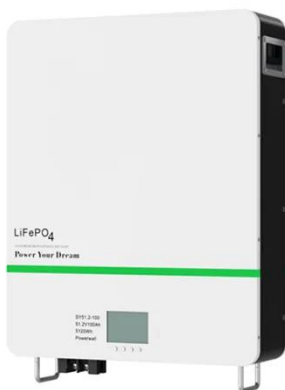

### Canadian Solar Panels

Canadian Solar produces high efficiency monocrystalline and polycrystalline solar panels. In August of 2019, all of Canadian Solar's cell capacity was upgraded to mono-PERC or multi-PERC.
