

Canberra solar container system equipment

PUSUNG-R (Fit for 19 inch cabinet)

Overview

A complete solar-battery-generator power plant pre-built into a shipping container. We integrate the inverter/chargers, lithium batteries, DC charge controllers, switchgear, ventilation/air-conditioning, fire safety, and remote monitoring. The containerised power rental system delivers reliable, clean energy for commercial and remote applications. More economical to rent. We design and build shipping containers featuring integrated solar systems that can be used to provide microgrid energy solutions. The solar array is mounted directly onto the container, and can provide both off-grid and grid-tied functionality, with all necessary equipment to ensure safe and. AVID GROUP provide a whole range of SPS and Containerised Solar Energy Solutions. AVID's solar design, installation, commissioning and monitoring services are operated by our teams of skilled engineers and qualified electricians.

Canberra solar container system equipment

Solahart Canberra , Solar Panel, Hot Water, Solar Battery Installer
