

# Conversion rate of Trina solar inverter

**Parallel** (Parallel operation up to 6 unit (only with battery connected))

**AC input wires**

**AC output wires**

## Overview

---

China's Trina Solar has set a world record for solar module conversion efficiency, achieving 25.44 percent with its n-type fully passivated heterojunction (HJT) modules in laboratory tests certified by Germany's Fraunhofer Callab. Leading solar research institute Fraunhofer Callab in Germany confirmed the milestone. Trina claims the results not only set a record for HJT. As of June 2021, mainstream inverter suppliers around the world have launched high-current inverters that match the 210 modules. The current of the single-channel maximum power point tracker (MPPT) has been upgraded to 40 A+, which fits the Vertex modules of Trina Solar perfectly. This particular n-type i-TOPCon. Solar inverters earning the Excellent rating are ideal for maximizing the performance of your solar energy system.

## Trina Solar US Solar Inverters

Browse and compare solar inverters from Trina Solar US. Use this guide to compare solar inverter products and understand which is best for your installation.

### Trina Solar sets world record for solar module conversion efficiency

In lab tests, the efficiency rate of Trina's large-surface n-type completely passivated heterojunction (HJT) modules was recorded at 25.44 percent. Leading solar research institute ...

### Trina Solar Sets World Record for Solar Module Efficiency, Marking a

The company announced on Monday that its large-surface-area n-type fully passivated heterojunction (HJT) modules achieved an impressive conversion efficiency of 25.44% in laboratory ...

### Trina Solar sets 25.44% solar module conversion efficiency

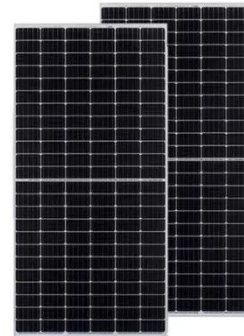

China's Trina Solar has set a world record for solar module conversion efficiency, achieving 25.44 percent with its n-type fully passivated heterojunction (HJT) modules in laboratory ...

---

## China's Trina Solar sets world record for solar conversion tech

China's Trina Solar has set a new world record for the conversion efficiency of a certain type of solar module, the company said in a statement on Monday.

---

## 25.9%! Trina Solar Sets TOPCon Conversion Efficiency World Record

The new breakthrough, certified by the test laboratory of the Institute for Solar Energy Research in Hameln (ISFH) in Germany, is Trina Solar's 27th world record conversion efficiency ...
