

# Delivery date for 690V server racks

## Overview

---

The Quick Shipping list updates quarterly, with inventory adjusted accordingly. Orders within the current quarter follow expected delivery timelines, while cross-quarter orders may experience slight timeline adjustments due to inventory level changes. Because server racks are often the most expensive equipment in a data center, both in terms of the cost of replacement and the cost of lost data in the event of damage or theft, safe delivery of server racks is critical to data center relocation. Server racks are sensitive electronic equipment. A data center equipment manufacturer needed a logistics solution for transporting fully-loaded server racks to various data center locations. We were already a vendor for them, so we were able to offer them a solution. The challenge involved not just transportation, but also specialized handling. DAMAC server racks are designed to be strong enough to handle heavy loads (over 3,000 lbs rolling weight capacity) with fully welded tubular steel construction. That keeps us close to your locations and reduces the time. Businesses around the world, including the top server rack companies, trust AIT with their server shipping and data center moves, because they know they can count on our cost efficiency and personalized customer service, among other benefits, including: Standard to premium freight options Whether. Today's date is Thursday, Janu. American Tech Supply provides wholesale data cabinets at wholesale prices to qualified customers.
