You Don'T Need to Just Focus on The Green Aspects
Instead, Leverage The Idea of Saving Money - Being Ahead of Trend etc.
Talk to your sales team, and look into what's really closing them deals. Is it just the 'green' / environmentally friendly aspects of solar? If so - sure, make that front and center. But also remember, that every other solar installer on the planet can say the same things. See more on [hookagency Dribbble](#)
