Overview

Our expert search teams work with pioneering energy storage project developers, EPC, asset operators, investors and suppliers and consultants, finding and delivering exceptional people that help our clients drive the energy transition. Welcome to Mackinnon & Partners, your premier destination for energy storage recruitment within the Renewable Energy & Technology sector. With our 15-year global track record, long-term presence in key. The Energy Storage Sector is predicted for an astonishing growth of over 700% in the next five years, a fact that underscores its pivotal role in decarbonising the Energy Industry. Energy storage not only demands stability and reliability but also the ability to continuously balance the grid when. We are a specialist recruitment partner with deep expertise in energy storage and demand-side response. We support the global energy transition by connecting advanced technical and commercial talent to the organisations leading it — from multinational utilities and OEMs to agile mid-market. Our team of specialist consultants excel at connecting the best GreenTech talent with innovative clients across the United States.
