Residential Solar , Eureka, CA

How Solar Panels Work
Benefits of Residential Solar Panels
Find The Right Home Solar System For Your Needs
Become Energy Independent with A Home Solar Installation
Solar panels work by capturing sunlight and converting it into electricity. When sunlight hits your solar panels, it gets absorbed by their PV cells, generating direct current (DC) electricity. A solar inverter converts the DC electricity into alternating current (AC) electricity, which is what the vast most homes are wired for. The AC electricity See more on sixriverssolar Location: 622 Congress St Suite 301, Portland, 04101, ME Phone: (207) 947-3644 wingsolar
