

Europe renewable energy Lusaka

Overview

In a significant move towards bolstering energy accessibility and sustainability in Zambia, the European Union (EU) has pledged a grant of ZMW 205.88 Million (€7 million) to finance The Lusaka Transmission, Distribution and Rehabilitation Project (#LTDRP) - Low Voltage Distribution. European Commission President Ursula von der Leyen unveiled today a €545 million Team Europe package to accelerate Africa's clean energy transition. This announcement, made at the Global Citizen Festival via video message in the context of the United Nations General Assembly, is an important. Lusaka, Zambia - 5 February 2026 (ECA) - The United Nations Economic Commission for Africa (ECA) today held a Contract Close-Out Session marking the successful completion of a pioneering hybrid photovoltaic (PV) solar system at its Sub-Regional Office for Southern Africa (SRO-SA) in Lusaka, Zambia. The funding will back projects in nine countries, targeting regional power infrastructure and rural access to clean electricity. Credit: Anatoliy Cherkas/Shutterstock. Focus will be on increasing electricity generation capacity and promotion of alternative green and renewable energy sources as well as scaling up rural electrification.
