

# European Communication Power Supply Cabinet Off-Grid Type

## Overview

---

It integrates the photovoltaic, wind energy, rectifier modules, and lithium batteries for a stable power supply, backup power, and optical network access in one enclosure. This versatile energy cabinet supports pole mounting, wall mounting, and floor installation for. EK-SG-D03 outdoor wind power communication energy cabinet is a device that stores renewable energy such as solar energy and wind energy and outputs electrical energy. We are a global leader in distribution, logistics, technical engineering, and product design with over 30 years of expertise and performance supporting the telecommunications and broadband industry.
