

Expandable Folding Container for Subway Stations

Overview

Allows deployment while on a truck or trailer. Doors on both ends, nine high stacking, 20-minute set up time using two people. If your storage or transportation needs are more unique, SEA BOX can create custom sized containers to accommodate any need. Expands to triple its size. This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations. Unlike standard solar panel containers, LZY's mobile unit features a retractable solar panel unit for quick installation. Folding. A compact solution, the Expandable Pod is best suited for tight spaces or smaller groups.
