

Georgetown Advanced solar Panel Manufacturer

Overview

GAF Energy opened a solar roofing manufacturing center in Georgetown in November. The 450,000-square-foot facility will produce Timberline Solar shingles and is expected to be fully operational by the end of the year. This new venture not only positions GAF as a potential leader in solar roofing but also promises to create numerous jobs. GEORGETOWN, Texas, /PRNewswire/ -- Community and company leaders celebrated the opening of GAF Energy's new 450,000-square-foot Timberline Solar™ manufacturing facility in Georgetown, Texas, at a ribbon-cutting event today. The company built the facility to meet the growing demand for its solar roof product. (Kaitlyn Wilkes) From left, Standard Industries Co-CEO.
