

Georgetown PV Energy Storage Policy Update

Overview

During the recent Senate Environment, Energy & Transportation Committee meeting held on Ma, significant discussions centered around a proposed battery storage project in the Greater Georgetown area. The Georgetown Project marks the first of four Alberta projects of Westbridge to receive power plant and BESS approval from the AUC. The approvals allow Georgetown to construct and operate the Project, located near Mossleigh in Vulcan County, Alberta. As cities worldwide seek sustainable power solutions, this Texas-based initiative demonstrates how lithium-ion battery systems can stabilize grids.
