

Georgia New Energy Battery Cabinet Direct Charging

Overview

The Mossy Branch facility was approved by the Georgia Public Service Commission as part of Georgia Power's 2019 Integrated Resource Plan (IRP) and is a standalone storage unit that connects with and charges directly from the electric grid. Georgia Power announced today that it has started construction on a new 200-megawatt (MW) battery energy storage system (BESS) in Twiggs County, southeast of Macon, Ga. Courtesy of Georgia Power
