

High-voltage photovoltaic integrated energy storage cabinet for water plants

Overview

This integrated outdoor cabinet features lithium iron phosphate (LFP) batteries, modular PCS, EMS, power distribution, fire protection, and an advanced liquid cooling system that enhances thermal stability and prolongs battery life. This is a powerhouse of integrated energy technology, providing a complete energy storage and power conversion station in a single cabinet. Featuring 215kWh of LiFePO₄ storage and a 120kW PCS, this system is engineered for industrial parks and commercial complexes that require high-power energy. The Sunway 100kW/232kWh Liquid-Cooled Energy Storage System is designed to deliver reliable performance in commercial, industrial, and utility-scale settings. It is built specifically for outdoor installation and integrates advanced LiFePO₄ battery.

High-voltage photovoltaic integrated energy storage cabinet for wa

215kWh Outdoor Cabinet Series - Industrial & Commercial Energy Storage

Yes, the 215kWh energy storage system is designed to seamlessly integrate with solar and wind energy systems. It supports demand-side management and can provide backup power during outages, ...

215kWh +120kW High Voltage Integrated Energy Storage Cabinet

Featuring 215kWh of LiFePO4 storage and a 120kW PCS, this system is engineered for industrial parks and commercial complexes that require high-power energy management.

Nominal Capacity
280Ah
 Nominal Energy
50kW/100kWh
 IP Grade
IP54

15kW / 35kWh Hybrid Solar System Integrated Energy Storage Cabinet

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ...

HLBWG Photovoltaic Grid-Connected Cabinet

HLBWG Photovoltaic Grid-Connected Cabinet It can be used in solar photovoltaic power generation systems, and can also be used to convert, distribute and control electrical energy between ...

Application scenarios of energy storage battery products

Outdoor Photovoltaic Energy Cabinet

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. Combines high-voltage lithium battery packs, BMS, fire protection, ...

Solar Energy Lithium Battery and Inverter Storage Cabinet Solution

The ESS solution is a highly integrated, all-in-one, C& I Hybrid energy storage cabinet with multiple application scenarios. It has outstanding advantages such as intelligent charge and discharge ...

Sunway Intelligent liquid-cooled 100kW 232kWh Outdoor Cabinet Energy

This integrated outdoor cabinet features lithium iron phosphate (LFP) batteries, modular PCS, EMS, power distribution, fire protection, and an advanced liquid cooling system that enhances thermal ...

Integrated Energy Storage Cabinet

The Cabinet offers flexible installation, built-in safety systems, intelligent control, and efficient operation. It features robust lithium iron phosphate (LiFePO₄) batteries with scalable capacities, supporting on ...

Integrated photovoltaic storage and off-grid machine/cabinet

This product is suitable for small and medium-sized commercial and industrial energy storage system scenarios, such as photovoltaic energy storage direct and flexible systems, photovoltaic energy ...

Large Scale C& I Liquid and Air cooling energy storage system

Designed for multiple scenarios, they are ideal for urban buildings, communities, and low-voltage networks, featuring highly integrated liquid-cooled Commercial & Industrial (C& I) energy storage ...
