

# Homemade solar power portable box

## Overview

---

This article will provide a step-by-step guide to building a DIY portable solar power station. This project will allow you to power various devices and tools using solar energy, making it ideal for camping, off-grid living, or emergency situations. You may already be familiar with brands like Bluetti, Jackery, or EcoFlow and their bestselling product — the solar generator. We use a Solar Suitcase to keep this box charged. We go through a step by step build process, along with the parts. Looking for a budget-friendly DIY Solar Power Generator?

In this video, I'll show you how I built a 1280Wh home-made battery box using a 12V 100Ah LiFePO4 battery and a 1500W inverter — all for just \$290 CAD total cost!. This power station features two 12V 50Ah TimeUSB.
