

# House solar inverter in China in Turkey

 **TAX FREE**    

## ENERGY STORAGE SYSTEM

**Product Model**  
HJ-ESS-215A(100KW/215KWh)  
HJ-ESS-115A(50KW 115KWh)

**Dimensions**  
1600\*1280\*2200mm  
1600\*1200\*2000mm

**Rated Battery Capacity**  
215KWH/115KWH

**Battery Cooling Method**  
Air Cooled/Liquid Cooled

The image shows a tall, grey Energy Storage System (ESS) unit with a black top and bottom. It features two vertical green lines running down the center. In the middle, there is a blue hexagonal shape with two black vertical bars inside. The letters 'ESS' are printed in green at the top right of the unit. At the bottom, there are two yellow triangular warning symbols with exclamation marks.

## Overview

---

A complete list of component companies involved in Inverter production. Their focus on research and development has led to advanced products like the X-Hybrid battery storage system, positioning them as a key player in the solar. As a Eurasian energy hub, Turkey continues to see growing demand for solar inverters. While electricity supply remains relatively stable in most regions, rising prices are driving increased demand for both hybrid system and off grid system among businesses and households. Furthermore, remote areas. Why are thousands of Turkish businesses scrambling for solar inverter quotations in 2025?

With electricity prices in Istanbul rising 38% since 2023 and government tariffs favoring solar adoption, Turkey's renewable energy market is booming. Solar inverters play a crucial role in converting DC (direct current) from solar panels into AC (alternating current) that can be used by household. Top solar inverters in turkey Supplier having a high organization reputation,from China.
