

Huawei solar outdoor power cabinet specifications

Overview

MTS9514A-AM2001 is a new type of integrated AC/DC output power system designed by Huawei, with the maximum capacity of 24kW and user space of 19U. The cabinet adopts DC air conditioner for cooling. One cabinet per site is sufficient thanks to ultra-high energy density and efficiency. The eMIMO architecture supports multiple input (grid, PV, genset) and output (12/24/48/57 V DC, 24/36/220 V AC) modes, integrating multiple energy sources into one. Intelligent power generation: intelligent peak. It integrates the outdoor cabinet, temperature control unit, telecom power supply, monitoring unit, network management system, AC and DC power distribution units, and surge protective devices.
