

LianDe solar Glass

Overview

They provide attractive solutions to various applications where good light transmittance with enhanced solar control performance is required. Thanks to their low exterior light reflectance the products are widely used for modern glass facades where high reflectance is prohibited. Leading Industrial Evolution, Ascending as the Global Authority in Industrial Automation Intelligent Manufacturing Solutions. Empowering the Industry Innovation and Advancing High-End Equipment Localization! Delivering complete end-to-end solutions to customers in semiconductor displays. SNX 60 Plus is a high-performance, triple-silver solar control glass offering an ideal balance of natural light and solar energy control. SunGuard™ SNX 60+ glass delivers standout energy efficiency with a clean aesthetic for façades designed to inspire and perform virtually anywhere.
