

# North Macedonia solar Energy Storage System Project

## North Macedonia solar Energy Storage System Project

---

### Solar and storage opportunities in the North Macedonia power market

A new energy law adopted in May 2025 is expected to further accelerate the uptake of battery storage. State-led solar and wind projects, along with investments in grid infrastructure and storage, are now ...

### YESS Power Joins the Western Balkans' Largest Solar Storage Project

YESS Power, together with China-based Cubenergy and under the investment of Mey Energy, is building a 60 MW battery energy storage system (BESS) that will be fully integrated with the Balkans' ...

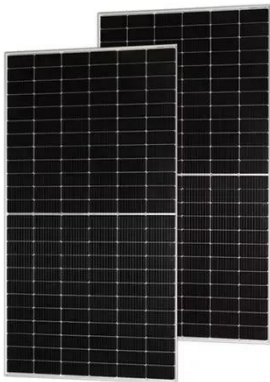

### North Macedonia Sets a New Benchmark for Storage-Enabled Energy ...

North Macedonia's newly adopted 2026 Annual Plan marks one of the most ambitious renewable-energy roadmaps in the Western Balkans. Beyond the impressive 1.

## The Skopje Energy Storage Project: Powering North Macedonia's ...

A city where sudden power outages become as rare as unicorn sightings, and solar panels work overtime even after sunset. That's the promise of the Skopje Energy Storage Project - North Macedonia's ...

## North Macedonia renewable energy: Impressive growth in 2025

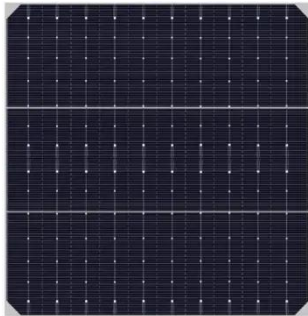

By adding solar power generation to the reservoir, the plant provides a reliable source of energy even during periods of low water levels, creating a powerful hybrid system. This project is part of a broader ...

## North Macedonia's energy

The continued growth of solar power and the development of storage capabilities will play a decisive role in securing North Macedonia's energy independence and promoting a sustainable energy future, ...

## North Macedonia unveils EUR

## 5.7 billion plan for new power plants

One project is for gas-fired cogeneration, of 495 MW, estimated at EUR 445.5 million. Standalone energy storage projects amount to 638 MW in operating power in the current annual round As for storage, 77 ...

---

## North Macedonia unveils EUR 5.7 billion plan for new power plants

North Macedonia's 2026 plan includes 67 power plant projects of at least 1 MW each, for investments totaling an estimated EUR 3.74 billion, and 96 acceptable proposals for standalone and CO ...

## North Macedonia Energy Storage & Solar Power Generation: A Path to

With solar power generation capacity growing at 18% annually, North Macedonia has emerged as a Balkan leader in renewable energy adoption. However, the real game-changer lies in integrating advanced energy ...

---

## North Macedonia issues first

## big battery licenses, as 60 MW landmark

China-based Cubenergy will provide the energy storage systems while YESS Power will manage all engineering, procurement, installation, and commissioning phases. This BESS project will be co-located ...
