

# Solar panel solar power plant in Sao Tome and Principe

## Overview

---

The Government of Sao Tome and Principe has launched a tender to build a 1.5 MWp solar photovoltaic plant in the town of Santo Amaro in the Lobata District. The African Development Bank (AfDB) is financing the solar plant which is set to become the first grid-connected solar project. São Tomé and Príncipe, J. The project, unveiled last week, boasts a total investment of 60. Clean energy produced by these installations will be added directly onto the grid. This initiative aims to enhance the reliability and sustainability of the nation's energy supply while raising the.
