

Solar power generation project in the Philippines

Overview

In March 2024, Philippines company ACEN and US-based business BrightNight announced plans for 1 GW of solar and other renewables across the country, at a cost of \$1. September 2025 marks a transition point for Aboitiz Renewables Inc. (ARI), the clean energy subsidiary of Aboitiz Power Corporation, as it concludes the construction phase of its two largest solar developments to date. The company's successful multi-project rollout addresses both regional power. Manila Bulletin Business Trade & Industry Holcim Philippines signs 20-year solar deal with Peak Energy Holcim Philippines Inc., the local unit of the Swiss building materials giant, has entered into a 20-year power purchase agreement with Singapore-based Peak Energy to develop one of the largest. Solar Philippines New Energy Corp. Peak Energy signed a 20-year PPA with Holcim for a 25 MW behind-the-meter solar project supplying cement plants in La Union and Bulacan, Philippines.
