Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Overview

Some use high-pressure tactics, others make promises that defy basic math, and a few are running outright frauds that can cost you tens of thousands of dollars. The good news?

Solar scammers aren't that creative. Did a salesperson knock on your door and promise free rooftop solar panels at no cost to you?

Or say you'll never have to pay another electricity bill because government programs, grants, or rebates cover your solar installation?

It's likely a scam. While there are some government-funded solar. A solar panel scam traps homeowners in long-term financial and legal headaches, often before they realize what has happened. As solar energy adoption grew, dishonest companies exploited incentives, tax credits, and financing programs. In California, compensation for solar power owners is directly under fire. They typically use the same handful of tricks over and over—which means once you know. sumer complaints about a small number of unscrupulous solar companies. People complain that they were deceived about costs and savings, misled about loans and with the Cons ck what resources are available in your state: usa.gov/state-consume purchase agreement, or subscribing to a community solar.
