

What brands of battery cabinets are there in New Zealand

Overview

Store lithium-ion batteries safely with our fire-resistant, AS/NZS 5139-compliant cabinets – perfect for NZ worksites, warehouses & workshops. Providing a cool, dry environment for you to store and charge your batteries, our cutting-edge battery cabinet is the Australian-made solution you've been searching for. Shielding your business from the dangers of Li-ion battery fires, our double-walled sheet steel cabinet with 40mm thermal air. Lithium-ion batteries will undoubtedly play a significant role in New Zealand workplaces and lifestyles for some time into the future. But understanding their potential risks is vital. Whether from impact, overcharging, or internal fault, even small battery packs can pose a significant hazard — especially when stored in bulk. Our Class 9 Misc DG cabinets and Flammable cabinets are not designed for battery storage, they are designed to stop sparks getting into the cabinet : Lithium-ion Battery Cabinets are designed to stop exploding batteries, sparks and extreme temperatures from getting out of the cabinet. Adjustable shelves means it can be configured to suit a range of types and number of batteries.
